Launching your career? Nervous? Uncertain?

Hit the Ground Running: Maximizing Your First Year on the Job

You've worked hard to get where you are. But simply having education or experience does not guarantee professional success in your chosen field. This seminar is designed for anyone who wants to avoid the costly "first year pitfalls", and maximize their career advancement. Through this program, you will learn about:

- The **"Attitude Check"** that's critical to your professional career
- **Building relationships** with key people in your organization.
- **Staying competitive** through professional growth opportunities.
- **Finding balance** between work and play
- **Taking control** of your career advancement

About the Speaker

Eric's reputation as a leading transition expert and workshop facilitator comes from having spoken to over twenty thousand people in the last twelve years. His informative and entertaining seminars are designed to maximize the opportunities available through some of life's most significant transitions, and he is a regular guest speaker at some of the country's top universities and private associations.
